

Order (permit)	Section	Permit language
<u>R1-2014-0036</u>	General Requirements Sections F.	This Order does not authorize discharges from the aerial application of herbicides or pesticides. HRC shall submit a Report of Waste Discharge prior to any proposed aerial application of pesticides that could discharge to waters of the State.
<u>R1-2011-0100</u>	General Requirements	<p>6. This Order does not authorize discharges from the aerial application of herbicides or pesticides. HRC shall submit a ROWD prior to any proposed aerial application of pesticides that could discharge to waters of the State.</p> <p>7. HRC shall notify the Regional Water Board in writing at least 30 days prior to any proposed ground-based application of pesticides within 100 feet of a Class I or Class II stream. The notification shall include the type of pesticide(s), method and area of application, projected date of application, and measures that will be employed to assure compliance with applicable water quality requirements.</p>
<u>R1-2010-0029</u>	Condition	<p>19. The USFS shall notify the Regional Water Board in writing at least 90 days prior to the proposed application of pesticides, unless Regional Water Board staff agrees in writing to a lesser notice. The notification shall include the type of pesticide, method and area of application, projected date of application, and measures that will be employed to assure compliance with the Basin Plan.</p> <p>20. The USFS shall submit a copy to the Regional Water Board of any application to the State Water Board for a NPDES permit (Order 2004-0009-DWQ) for the use of aquatic pesticides.</p> <p>21. The USFS may submit information on low risk uses or applications of pesticides (e.g. use around buildings/facilities, borax stump treatment for root disease) for consideration by Regional Water Board staff to develop a list of activities exempt from the notification in condition 16.</p>
<u>R1-2006-0041</u>	General Provisions: VI.C	<p>Proposed Pesticide Applications</p> <p>1. For those THPs where application of pesticides is proposed or being considered, the Discharger shall notify the Regional Water Board in writing at least 45 days prior to any proposed aerial application of pesticides and 30 days prior to any proposed ground-base application of pesticides.</p> <p>2. For aerial application of pesticides, the Discharger shall submit a Report of Waste Discharge containing, at a minimum, the items listed under the Action Watershed-wide Waste Discharge Requirements Plan for Control of Discharges of Herbicide Wastes From Silvicultural Applications on pages 4-32.00 and 4-33.00, (a) through (e), of the Basin Plan. Waste discharge requirements will be prepared for the operation in conformance with the Basin Plan prohibitions and presented to the Regional Water Board for consideration.</p> <p>3. The notification for ground-based application of pesticides shall include the type of pesticide(s), volume to be applied, method and location of application (including Timber Harvesting Plan number, if associated with a THP), projected date of application, and measures that will be employed to ensure compliance with applicable Water Quality Requirements. Subsequent changes to the proposed application must be submitted in writing forthwith, and in no event less than 14 days prior to the pesticide application, unless Regional Water Board staff agrees in writing to a lesser notice. This Order does not authorize the application or the discharge of pesticides.</p>
<u>R1-2006-0039</u>	General Provisions: VI.C	Same as R1-2006-0041

Order (permit)	Section	Permit language
<u>Order WQ 2011-0014-DWQ modifying Order No.R5-2010-0022</u>	Attachment A. General Waiver Conditions, Section B	<p>4. The discharger shall not discharge any waste not specifically regulated by the Waiver described herein and shall not cause alteration in stream temperature which exceeds water quality control plan requirements. Waste specifically regulated under this waiver includes: earthen materials, including soil, silt, sand, clay, rock; organic materials, such as slash, sawdust, or bark; and silvicultural pesticides that enter or threaten to enter into waters of the State. Examples of waste not specifically regulated under this Waiver include petroleum products, hazardous materials, or human wastes; and</p> <p>7. Unless other timeframes are specified, discharges associated with timber harvest activities and pesticide applications that comply with the eligibility criteria, conditions, and procedures for a waiver may commence upon receipt by the Regional Board of the applicable documents as described in Part II – Category Specific Conditions, including acknowledgement of the Monitoring Conditions described in Attachment B; and</p> <p>8. This Waiver does not apply to discharges requiring an NPDES permit under the Clean Water Act, including silvicultural point sources as defined in 40 CFR 122.27.</p>
<u>R6T-2014-0030</u>	C. General Waiver Conditions	<p>2. Wastes, including but not limited to, petroleum products, soil, silt, sand, clay, rock, felled trees, slash, sawdust, bark, ash, pesticides, must not be discharged to surface waters or be deposited in locations where such material may discharge to surface waters. If discharge of wastes to surface waters occurs (not previously authorized by the Water Board), the enrollee must notify the Water Board by telephone or email within 24 hours of detection of the discharge or the next business day, whichever comes first.</p> <p>(16) Pursuant to Water Code section 13267, notify the Water Board in writing at least 30 days prior to the proposed application of pesticides (as defined in Attachment A), except for application of borax and/or sporax directly to tree stumps. The written notice must include the following:</p> <ul style="list-style-type: none"> <li>(a) Type of pesticide</li> <li>(b) Method and area of application</li> <li>(c) Projected date of application</li> <li>(d) Measures that will be employed to assure compliance with the Basin Plan.</li> </ul> <p>Subsequent changes to the proposal must be submitted in writing at least 14 days before the application, unless Water Board staff agrees in writing to a shorter notice period.</p>
